

GRANTEE: Applied Information Management Institute

ADDRESS: 118 S. 19th Street, Suite 1A
Omaha, Douglas County, Nebraska 68102-1305

AMOUNT: \$3,000,000

DURATION: 24 months

POPULATION SERVED: The program will provide training to 2,000 workers of which 20% are unemployed, 20% are dislocated workers and 60% are incumbent workers from Iowa, Nebraska, North Dakota and South Dakota

BRIEF DESCRIPTION: The training will be delivered through a variety of venues, including traditional classroom, online, and onsite at participating employer locations. The training model will build upon a career ladder, or pipeline that builds information technology skills at a foundation level (Fluency in Information Technology), continues to an advanced proficiency level (Information Technology Professional) and terminates at a highly specialized level (Information Technology Specialist).

KEY PARTICIPANTS: The Applied Information Management Institute, Mid-Plains Community College Area (NE), North Dakota State College of Science, Southeast Technical Institute (SD), Western Iowa Tech Community College, the Denison Job Corps Center (IA), the Pine Ridge Job Corps Center (NE) and the region's local Workforce Investment Boards and their one-stop career centers.
